

DICK PREESMAN

Preesman Dick (1964) lives and works in Eemnes. After his training in Utrecht Dick often worked on commission for companies, including Partners Cheese, Sheep Cheese and Talpa TV. Preesman exhibited outside the Netherlands, in France, Belgium, Canada, America and Italy.

Painting is the challenge for Dick to dare to lose yourself in the matter of non figurative. Speaking to the imagination, give a personal interpretation, and to let them enter into abstraction. It can go each time, deeper and more dynamic. The work created a sense come to work as a true liberation of the spirit resulting in a completely different style.
