

# MASSIMO ANGÈI

Massimo Angèi lives in Sarzana (La Spezia) Italy, a town lying on the border between Liguria and Tuscany. After the degree in Painting at the Fine Arts Academy in Carrara, he started to paint and took part in art exhibitions in Italy and abroad. However he was commissioned for work from publishing houses and so for twenty years he has worked as a freelance photographer for the most outstanding magazines in the world, taking images to catch dreams inside the things. Until one night, after twenty years, the Painting has suddenly come back, vigorously, to get back what belongs to it, and determined, definitely to stay.

From 1976 until 1980 he studied at the High School of Arts in Carrara Italy. He then went to study until 1984 at the Accademy of Fine Arts/Painting in Carrara Italy.

He has worked at the Photo Agencies, Grazia Neri in Milano Italy and Bilderberg in Hamburg Germany.
