

SOFIA ROSSI BUNGE

I was born in Buenos Aires, Argentina in 1976. Coming from a family of Artists and Collectors art was always present and felt natural and necessary. I did my formal studies at The Art Institute of Boston, USA and on the side took courses in theatre, dance & music at Harvard Extension School, Berklee College of Music and other Institutions.

My work resumes at the moment in a Fantasy Receipt mixed with a spice of Pop and Latin American Style, although lately I've been more touched by reality.

I have exhibited in Boston, Los Angeles, London, Buenos Aires and Switzerland were I live at the moment.
